
LITURGICAL MINISTERS RETREAT & WORKSHOP

A WORKSHOP FOCUSING ON THE KEYS TO VIBRANT WORSHIP

PATHWAYS TO VITALITY

The keys to preparing vibrant worship unlock the powerful moments of mystery & meaning, our heritage & life in Christ. When the community gathers for worship, each of us needs to take our rightful place and role.

Pathways to Vitality is presented by the **GPBS Ministry Team** (presenters, musicians, planners & dreamers) to your parish community.

The 50th anniversary of *The Constitutions on the Sacred Liturgy* provides an opportunity to reflect on the celebration of liturgy in the local community. What practices are going well and need to be sustained? What should be addressed? What are the issues each ministry needs to reflect upon as the community develops its awareness of full, conscious, and active participation?

Pathways to Vitality combines presentation, prayer, ritual, music and sharing to focus on the essential principles of liturgy, assess current parish praxis, and develop plans for addressing community needs. The workshop provides an opportunity for liturgical leaders, liturgy teams, music groups, and specific ministries to reflect on central themes and plan strategically for the future. **Pathways to Vitality** is an interactive workshop, best scheduled as a full day with opportunities for conversation circles and sharing in ministry groups. The workshop is a process of training and formation creatively designed to enhance liturgical ministry in your parish community.
