

A Parish based weekend of workshops, vibrant liturgy, family programs, music, prayer, catechesis, ritual, food, reflection, celebration, cultural diversity & outreach.

Do you want your parish to experience a weekend that has endless possibilities for the faith and life of the community?

'Refresh' is a parish based weekend designed at empowering and re-energising the community for its mission of proclaiming the gospel and celebrating what it means to be actively Catholic.

'Refresh' is a comprehensive model offering the parish at all levels an opportunity to come together and celebrate parish life.

The 'Refresh' team works alongside the parish to facilitate a program that meets the needs of that particular community. No two parishes are the same—no two programs are the same.

Renewal ... Life-giving... Participation.

Engaging ... Challenging ... Sending.

Contact **GPBS** to discuss how we can create a specific 'Refresh' weekend for your parish community:
